PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1c (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1c.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) ~~fl~~ trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

Novograd-Volynskiy Army Barracks Southeast, on the east side of Novograd-Volynskiy (Figure 1) covers approximately 475 acres and is road served.

The installation (Figures 2 and 3) contains 23 multistory barracks buildings, nine barracks, 11 multistory administration buildings, one multistory probable hospital building, 21 administration buildings, two vehicle maintenance buildings, nine vehicle storage buildings, 35 storage buildings, five probable ammunition storage buildings in two separate secured areas

and 18 support buildings.

The training facilities include a driver-training course with a figure-8 turning circle, nine small arms ranges of various sizes and one athletic field. Other training facilities are covered by the report on the Novograd-Volynskiy Training Facilities.

The installation is active and little change has been noted since [REDACTED] however, increasing improvement in the quality of the photography shows buildings which are not new but were not identified on earlier photography.

25X1D

DESCRIPTION OF INSTALLATION

Road Service

All-weather roads serve the installation.

Aircraft Landing Strip

A possible sod airstrip for light aircraft has an approximately 2,500-foot runway.

Administrative and Troop Housing Areas

Area D1 contains three multistory barracks, nine single-story barracks, one multistory administration building, six single-story administration buildings, and seven storage buildings.

Area D2 contains seven multistory barracks, two multistory administration buildings, one single-story administration building, 15 storage buildings, and one support building.

Area D3 contains three multistory barracks, two single-story administration buildings, and three support buildings.

Area D4 contains eight multistory barracks, three multistory administration buildings, three single-story administration buildings, and five support buildings.

Area D5 contains two multistory barracks, two multistory administration buildings, and two support buildings.

General Storage Area

Area E contains one administration, six storage, and two support buildings.

Ammunition Storage Areas

Area F1 contains four 110- by 30-foot secured probable ammunition storage buildings.

Area F2 contains one 115- by 30-foot secured probable ammunition storage building.

Equipment Storage/Maintenance Areas

Area J1 contains four 290- by 35-foot vehicle storage buildings, two 280- by 50-foot vehicle storage buildings, two 235- by 50-foot vehicle storage buildings, one multistory administration building, one multistory administration building (probable hospital), eight single-story administration buildings, 14 storage buildings, one 150- by 90-foot vehicle maintenance building, and five support buildings.

Area J2 contains one 135- by 20-foot vehicle storage building, one 190- by 60-foot vehicle maintenance building, and one administration building.

Athletic Field

Area K is an athletic field.

Small Arms Firing Ranges

Area L1 contains two small arms ranges, one 360 by 50 feet and one 430 by 320 feet.

Area L2 contains three small arms ranges, one 430 by 60 feet, one 300 by 120 feet, and one 210 by 60 feet.

Area L3 contains four small arms ranges, two 430 by 60 feet and two 330 by 220 feet.

Driver Training Area

Area M is a figure-8 turning circle used with a small incomplected driver training course.
